

## **Job Posting: Manager, Integrated Health Care Initiative**

Mental Health America of Greater Houston, a \$3M+ 501(c)3 focused on developing community solutions to promote mental health for all, seeks a Manager for the Integrated Health Care Initiative, to join our team of passionate and motivated professionals creating impact to advance the overall wellbeing of the individual and the community. This position manages the Integrated Health Care Initiative (IHCI) including the IHCI Collaborative, communities of practice, collaborative workgroups, educational activities, and other components. We offer professional growth opportunities along with personal fulfillment.

Functions of the position include, but are not limited to

- Managing the various components of the Integrated Health Care Initiative (IHCI).
- Maintaining and strengthening current collaborative relationships with providers, payers, institutions of higher education and other stakeholders; seeking out and building additional collaborative relationships.
- Engaging collaborative partners in the IHCI Collaborative and its workgroups: Payment/Financing, Workforce Development, Service Delivery, and Public Policy.
- Facilitating communities of practice for medical schools, primary care providers, etc.
- Organizing educational opportunities for providers, payers, institutions of higher education, and other stakeholders.

### **Qualifications for Position**

This position requires a highly motivated self-starter with a bachelor's degree in public health, healthcare management, or health related field of study, Master's degree preferred. 3-5 years of program management experience, preferably in a healthcare setting. Superior organizational skills; ability to manage multiple responsibilities and a high degree of attention to detail and accuracy.

Submit cover letter with salary expectations and resume to [careers@mhahouston.org](mailto:careers@mhahouston.org). Include "IHCI Manager" in Subject Line.
